

Everyone deserves the VIP treatment

When it comes to moving people, Yamaha are the experts. Whether you're running a hotel, resort or airport, you want to be able to offer your customers a convenient shuttle service and make their visit as enjoyable as possible. Or maybe you're looking for a luxury hospitality vehicle to give 'A' list celebrities the red carpet treatment.

Either way, the Concierge is the right way to go. With the most luxurious seating arrangement in the industry, this 4-person vehicle makes everyone feel special as you whisk them from A to B.

Its silent running electric motor gives plenty of performance, and with zero emissions it's ideally suited to both indoor and outdoor use.

- ▶ Luxurious 4-seat electric transportation
- ▶ Silent-running zero-emission electric motor
- ▶ Widest bench seats in the class
- ▶ Sculpted seats with generous legroom
- ▶ Industry leading 5kW/6.7HP power output
- ▶ Tru-Trak II™ independent front strut suspension
- ▶ Headlights and tail lights
- ▶ Comfortable, safe and convenient guest transport
- ▶ Automotive-style dashboard
- ▶ Light and strong HybriCore™ chassis
- ▶ Low maintenance design and easy clean bodywork
- ▶ Exclusive Yamaha Genius diagnostics

The easy way to move

At Yamaha we've used our unrivalled technical expertise in Golf Car design to build the latest generation of local transport vehicles that cater for a wide variety of business and private users.

Equipped with a luxurious 4-seat interior that offers class-leading levels of comfort, security and convenience, the electric Concierge is the clean, quiet and economical way to move people quickly, safely and efficiently.

With a 31km/h (20mph) top speed, its responsive 5kW electric motor gives plenty of performance, and with a tough wipe-clean thermoplastic body and low maintenance requirements, the Concierge makes everyone's life easier!

High efficiency 48V AC electric motor

The Concierge's high-efficiency electric motor is one of the most sophisticated and powerful designs in its class, and delivers 5 kW/6.7HP through the rear wheels to give a smooth and virtually silent ride - with the added advantage of zero emissions making it suitable in any situation.

Stylish bodywork with underseat storage

Featuring a tough thermoplastic bodyshell that's finished in a high-gloss polyurethane coating, the Concierge's unrivalled quality stands out. There's plenty of underseat storage space for carrying personal items, and the lightweight roof gives protection from the sun and rain.

Widest bench seats in the class

The Concierge is designed to please the most demanding passenger, and is equipped with the widest bench seats in the class. And with generous legroom and outer armrests, this is the only way to arrive!

Optional rear facing seat/cargo bed

The Concierge can be fitted with an optional rear facing seat that accommodates two additional passengers. When not being used to carry people, this Genuine Yamaha Accessory can be utilised as a cargo bed for carrying additional luggage.

Comfortable and convenient

Whether you need to transport guests at a hotel, resort or airport - or even carry VIP guests to a glitzy event, the Concierge is built to impress. With its easy-access interior and luxurious seating, this silent running vehicle gives everybody the red carpet treatment.

Headlights and tail lights

Fitted with headlights and tail lights as standard equipment, this 'A' list people mover is designed to operate day and night, indoors and outside, making it one of the most versatile and convenient ways to transport guests, members or clients from A to B.

The Yamaha Chain of Quality

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements.

Yamaha Genuine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®, our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you ride.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative riding gear designed to keep you comfortable and protected, both on- and off-road. An extensive range of casual wear is also available. For more information go to:
