

Work harder. Work smarter.

When you're serious about getting your work done as efficiently and economically as possible, you need to make sure you start out with the right equipment.

The Yamaha Super Hauler comes with a super size aluminium cargo bed that's designed to accommodate large and bulky items - and with a 363kg load-carrying capacity, this hard-working utility vehicle is designed to ensure increased productivity and efficiency.

Its 'best in class' 48V AC electric motor delivers quiet, clean and smooth performance making it ideal for indoor use or in sensitive environments - and for high levels of comfort the Super Hauler is fitted with contoured seats and plush suspension.

- ▶ High capacity electric utility vehicle
- ▶ High efficiency 48V AC electric motor
- ▶ Industry leading 5kW/6.7HP power output
- ▶ Light and strong HybriCore™ chassis
- ▶ Automotive-style dashboard
- ▶ Tru-Trak II™ independent front strut suspension
- ▶ Headlights and tail lights
- ▶ Super size 363kg capacity cargo bed
- ▶ Exclusive Yamaha Genius diagnostics
- ▶ Sentry Wraparound Protection System
- ▶ Supportive bucket seats
- ▶ State-of-the-art regenerative braking

Silent partner

Whether you're managing a private function or running a major outdoor event, the Super Hauler is designed to help you make sure that everything is in the right place at the right time.

Its state of the art 48V AC electric motor produces 5kW of smooth power, enabling you to move almost silently around the site to minimise any disturbance - and being a zero emission vehicle, the Super Hauler is ideal for use indoors.

Its super-size cargo bed can easily transport anything from tables and chairs through to refuse bins and provisions - and with its low maintenance features and rugged design, the Super Hauler is ready for work.

High efficiency 48V AC electric motor

The Super Hauler's high-efficiency electric motor is one of the most sophisticated and powerful designs in its class, and delivers 5 kW/6.7HP through the rear wheels to give a smooth and virtually silent ride - with the added advantage of zero emissions making it suitable for indoor operations.

Aluminium cargo bed

With a super-size aluminium cargo bed measuring 1219mm wide x 1829mm long, the Super Hauler is able to carry large items safely and securely, making your job much easier. And with its 363kg payload, the Super Hauler can shift some serious weight.

Comfortable contoured seamless vinyl seats

The Super Hauler is ready to work for as long as it takes to get the job done, and for added comfort it's fitted with contoured seats with a moisture proof outer cover that makes it a joy to drive, even at the end of a hard day's work.

Light and strong HybriCore™ chassis

The Super Hauler's HybriCore™ chassis has been constructed using the latest technology, and features a welded automotive ladder-style steel frame that is fitted with a tough and lightweight polypropylene floor, giving a light and strong structure.

Headlights and tail lights

Fitted with headlights and tail lights as standard equipment, the Super Hauler is built to carry on working well after the sun goes down. Whether it's a late summer evening or a dark winter afternoon, the Super Hauler is always ready to get the job finished, wherever and whenever.

Tru-Trak II™ independent front strut suspension

For a smooth and comfortable driving experience the Super Hauler is fitted with Tru-Trak II™ independent automotive style front strut suspension, while at the rear there is a unit swing arm with coil springs and hydraulic shock absorbers.

<i>Dimensions</i>	<i>Super Hauler-E</i>
Overall length	3,632 mm
Overall width	1,346 mm
Overall height (sun top)	1,858 mm
Wheel base	2,492 mm
Front wheel tread	990 mm
Rear wheel tread	980 mm
Minimum ground clearance	148 mm
Floor board height	342 mm

<i>Power supply/Drive train</i>	<i>Super Hauler-E</i>
Motor	48 Volt high-efficiency
Output rating	5.0 kW
Transaxle	Mechanical, 2 rear wheel
Batteries	Six 8-volt Trojan T875 Batteries with single point watering system

<i>Chassis</i>	<i>Super Hauler-E</i>
Frame	Automotive style HybriCore™ Chassis, polyester/urethane powder topcoat
Body	Thermoplastic olefin, 2-part top coat of automotive-grade polyurethane
Steering	Lubricated steering with sealed bearings and greaseless tie-rod ends
Front suspension	Tru-Trak II™ fully independent automotive-style strut suspension
Rear suspension	Unit swing arm with coil springs over hydraulic shock absorbers
Brakes	Self adjusting rear drum
Seating	Bucket seats made of polyurethane foam bonded to a durable vinyl cover
Bumpers	Front 8 km/h energy-absorbing bumper

<i>Performance</i>	<i>Super Hauler-E</i>
Maximum forward speed	31 km/h
Maximum reverse speed	10 km/h
Turning radius	4.5 metre

<i>General</i>	<i>Super Hauler-E</i>
Cargo box material	Powder coated Aluminum
Cargo bed capacity	363 kg
Cargo bed size (LxWxH)	1,829 mm x 1,219 mm x 178 mm
Tyre size	215/60-8 DOT (6-ply rating)
Dry weight (less batteries)	376 kg
Seating capacity	2 persons

**GLACIER****The Yamaha Chain of Quality**

Yamaha technicians are fully trained and equipped to offer the best service and advice for your Yamaha product. For this reason, Yamaha strongly recommends visiting an official Yamaha dealer for all your service requirements.

Yamaha Genuine Parts & Accessories are especially developed, designed and tested for our Yamaha product range. Yamaha also recommends the use of Yamalube®, our own range of high-tech lubricants, the lifeblood of Yamaha engines. They are developed to carry on working effectively, no matter where you ride.

Besides functional and style accessories, Yamaha offers a range of high quality, innovative riding gear designed to keep you comfortable and protected, both on- and off-road. An extensive range of casual wear is also available. For more information go to:
