# HONDA UNIVERSAL BATTERY SYSTEM

The Honda Li-ion battery can power any tool in our cordless range and recharge takes only minutes. Simply switch our efficient battery to another cordless Honda tool to enjoy the constant, unwavering performance and significantly higher runtime of our Thermo Smart technology in every single part of your garden.

#### LCD DISPLAY\*

Bright LCD display clearly shows exactly how much battery charge you have remaining.

#### FULLY WEATHERPROOF\*

A securely sealed, IPX4 certification weatherproof cell protects your powerful battery from the elements, all year round.

#### THERMO SMART TECHNOLOGY

Thermo Smart technology improves heat dissipation, and allows for a continuous high current draw, to give you high performance even in tough conditions.

#### ROBUST CONSTRUCTION

An aluminium frame, and robust casing, ensures the heavy duty 9.0Ah battery can withstand bumps, knocks, and a drop of up to 2 metres.

\*Only on the 9.0Ah DPW3690XA battery.

# INDUSTRY LEADING TECHNOLOGY

# FEATURES

## LAWNMOWER FEATURES

We've set the standard for cordless lawnmowers. Useful high performance technologies such as the Versamow™ Mulching System join the HRX's Select Drive and izy-ON's single speed transmission to create a range of mowers designed to match the needs of gardens, and gardeners, everywhere. Each model works effectively with our impressive Honda Universal Battery System, which recharges within minutes, and gives you unrivalled performance throughout the day - and the capability to tackle lawns of up to 450m<sup>2</sup>\* on one single charge.

\*Achieved when using the 6.0Ah DP3660XA battery. Area capacity depends on grass density, length and moisture, cutting height, inclines in the lawn, and frequency of stop-start.

### VERSAMOW™ SELECTIVE MULCHING SYSTEM\*

Integrated mulching capability means you can mulch, collect or discharge, simply by adjusting a lever.

### VERSAMOW™ VARIABLE MULCHING SYSTEM\*\*

Switch between seven collection and mulching modes and control just how much grass is mulched or collected.

### PRESSED STEEL, POWDER COATED DECKS

Featured on the izy-ON series. Built for durability and performance. This lightweight and hard-wearing deck is both easy to manoeuvre and resistant to corrosion and UV rays.

### POLYSTRONG DECK

Featured on the HRX. Made with incredibly strong and durable polymer materials, this deck is highly resistant to dents, UV and corrosion.

### SELECT DRIVE\*\*

For added comfort, Select Drive enables you to cleverly select a constant mowing speed.

### QUIET MODE\*\*

Reduces noise output by 5dB, but still offers a similar level of torque to standard mode.

### WEATHERPROOF

Rain doesn't slow us down, that's why our cordless lawnmowers are safe to use in all weathers.

### CENTRAL CUTTING HEIGHT ADJUSTMENT

Adjusting the cutting height of your grass is effortless and allows precise control of lowering or raising the deck.

\*Available on HRX 416 XB and HRG 466 XB only.

\*\*Available on HRX 476 XB only.

## HANDHELD FEATURES

Handheld tools designed with professionals in mind. Efficient, effective and comfortable to use over long periods of time, this hardworking range gives you everything you need to get the job done well. Each cordless tool is powered by a Universal Battery system that delivers sustained power, even in tough conditions. Recharge takes minutes, and the protection of a secure battery casing ensures all-weather use\*. No cords, no compromises, there really is nothing holding you back.

\*Only applies when used in combination with the 9.0Ah DPW3690XA battery.

### PROFESSIONAL POWER

Our robust, rapid-charging 9.0Ah batteries can withstand a drop of 2 metres. Clever Thermo Smart technology means they deliver high power consistently throughout their charge.

### COMFORTABLE HANDLING

Extensive gardening tasks call for increased comfort. Our cordless brushcutter features an adjustable harness, while our leaf blower offers a belt-mounted battery. Both tools feature ergonomic handles to balance weight distribution and enhance ease-of-use.

### FULLY WEATHERPROOF

We know you don't want to stop when the rain starts to fall. That's why our cordless handheld tools have IPX4 certification for water-resistance\* making them safe to use in all weathers.

### BUILT WITH PROFESSIONALS IN MIND

Performance and durability from start to finish. Our handheld tools were built to satisfy the demands of professional gardeners everywhere.

— POWER WITHOUT  
COMPROMISE

# IZY-ON

## CORDLESS

Our izy-ON cordless range is packed with all the power and durability that gardeners need. Versamow™ Selective Mulching gives you the choice of collecting or mulching your grass clippings whilst a single-speed transmission and flexible cutter-height adjustment give you the freedom to mow your lawn however you choose. With IP54 weatherproof certification, a hard-wearing pressed steel deck, a powerful brushless motor and Honda's Universal Battery System, you can enjoy a new level of performance.

## THE FUTURE AT YOUR FINGERTIPS

# HRX CORDLESS

Our new Cordless HRX has an intuitively premium interface which is conveniently mounted on the handlebar for an enhanced user experience. Whilst a low friction blade, a 1,8kW motor and Honda's Universal Battery System ensure maximum performance at all times. For further control, Select Drive allows you to choose a comfortable 'cruise control' setting, Quiet Mode further reduces noise levels and a single lever adjustment lets you pick your preferred cutting height simply and easily.

# POWER YOU CAN COUNT ON BRUSHCUTTER

With enhanced comfort and continuous long-lasting performance, our cordless brushcutter was designed for effortless all-day use. Powered by a 36V brushless EC motor and the incredible sustainable performance of the Honda Li-ion battery, you don't have to stop work until you choose to. Our new lightweight design boasts an ergonomic handle and adjustable harness to help you tackle even the

toughest undergrowth with ease. Whilst the reduced noise and vibration levels of our battery-powered tools mean that you can start early or finish late to get the job done. As always, safety is paramount, in the case of a jam the blades release automatically, preventing the motor from stalling, and IPX4 certification\* means that a wet weather forecast is nothing to worry about.

\*Achieves this rating only when used with the 9.0Ah DPW3690XA battery.

— MAINTENANCE MADE EASY

# HEDGETRIMMER & LEAF BLOWER

Featuring a brushless EC motor and IPX4 certification for water-resistance\*, our cordless hedgetrimmer and leaf blower are made for use all day long - and all year-round. Our hedgetrimmer has hardened Swiss steel blades that seamlessly power through stubborn

foliage, and a rotatable rear handle that allows you to work comfortably at any angle. With interchangeable nozzles, variable speed settings and a belt-mounted battery, our leaf blower makes light work of blasting away dry, wet or even heavy debris.

\*Achieves this rating only when used with the 9.0Ah DPW3690XA battery.

# WORLD OF HONDA POWER PRODUCTS

Every innovative Honda product inspires the next, as we deliver on our commitment to making powerful equipment that is engineered for life. From the comfort and intuitive control of our lawn tractors to the complete autonomy of our Miimo robotic mowers... and beyond. We've used our experience to create technologically advanced Snowthrowers that make clearing snow as effortless, efficient and reliable as possible and dependable and dynamic marine engines that have been refined over 54 years to deliver outstanding efficiency and enjoyable performance.

Contact your dealer for details.

You deserve complete confidence that you've made the right choice, long after you've made the purchase. That's why we appoint our Honda Authorised Dealers with as much care as we build into our products.

Look for the seal of quality when you buy your Honda, or call **0345 200 8000\*\*** and we'll find the closest to you.

### Sales

Our Authorised Dealers not only feature a comprehensive display of Honda products to see and touch, but they know our product range inside-out. Every one follows an extensive Honda training programme with regular refresher courses – so you can trust in their valuable advice and experience to help you choose the product that's just right for you and your needs.

### Service

As well as offering the highest levels of after-sales service, our Authorised Dealers' factory-trained technicians perform a full Pre-Delivery Inspection (PDI) on every machine, and are fully equipped to keep your product in peak condition with cost-effective servicing. Of course, you can also be assured that only high quality, genuine Honda parts are used, with access to our 24hr parts delivery service for fast and efficient turnaround.

### Expertise

Our Authorised Dealers are true experts in their field, often with years of first-hand experience under their belt. In fact, their knowledge and experience plays an important role in making sure that our Research and Development team is given feedback from our customers, so we can ensure that new and improved models continue to meet your future needs too.

## Unrivalled quality, for peace of mind

There's a simple reason why you'll see so many old Honda products still in use. **Ours are built better, to last longer.**

That's not just an idle promise. It's fact. Our enviable reputation for durability and reliability is supported by our cast iron warranty, covering both parts and labour. Our warranty maintains the same value throughout its lifetime too – meaning the last day of cover is exactly the same as the first: solid and dependable.
