GARIA *SUPERSPORT*

HERE...

...THE EARLY BIRD

You rise to see dawn break into golden rays. Finding clarity in this moment, you are ready for the day to unfold. Your packed workout bag and briefcase sit snugly in your SuperSport as you glide to the gym and then on to open the office. Morning is when you get your best work done, and to you this peace is perfect; you wouldn't trade it for much else. The aroma of coffee beans finds you. Let's go.

RISE AND SHINE RIMS

What's a luxury car without rims? With 14 inches of aluminium in Piano Black with diamond cut elements, you'll be rolling through your days attracting attention no matter where you are.

DIGITAL TOUCH

The 10.1-inch Bluetooth® and Wi-Fi connected outdoor touch screen sleekly provides all the car info you may need on your city journeys. From its display, connect when and where you want, and discover graphically enhanced vehicle information with ease.

COOL FACTOR FRIDGE

When it's warm, cool down with your favourite beverages. Courtesy of your own specially-designed built-in fridge, you now have effortless access to refreshing drinks and your favourite snacks.

...THE SLICK MINIMALIST

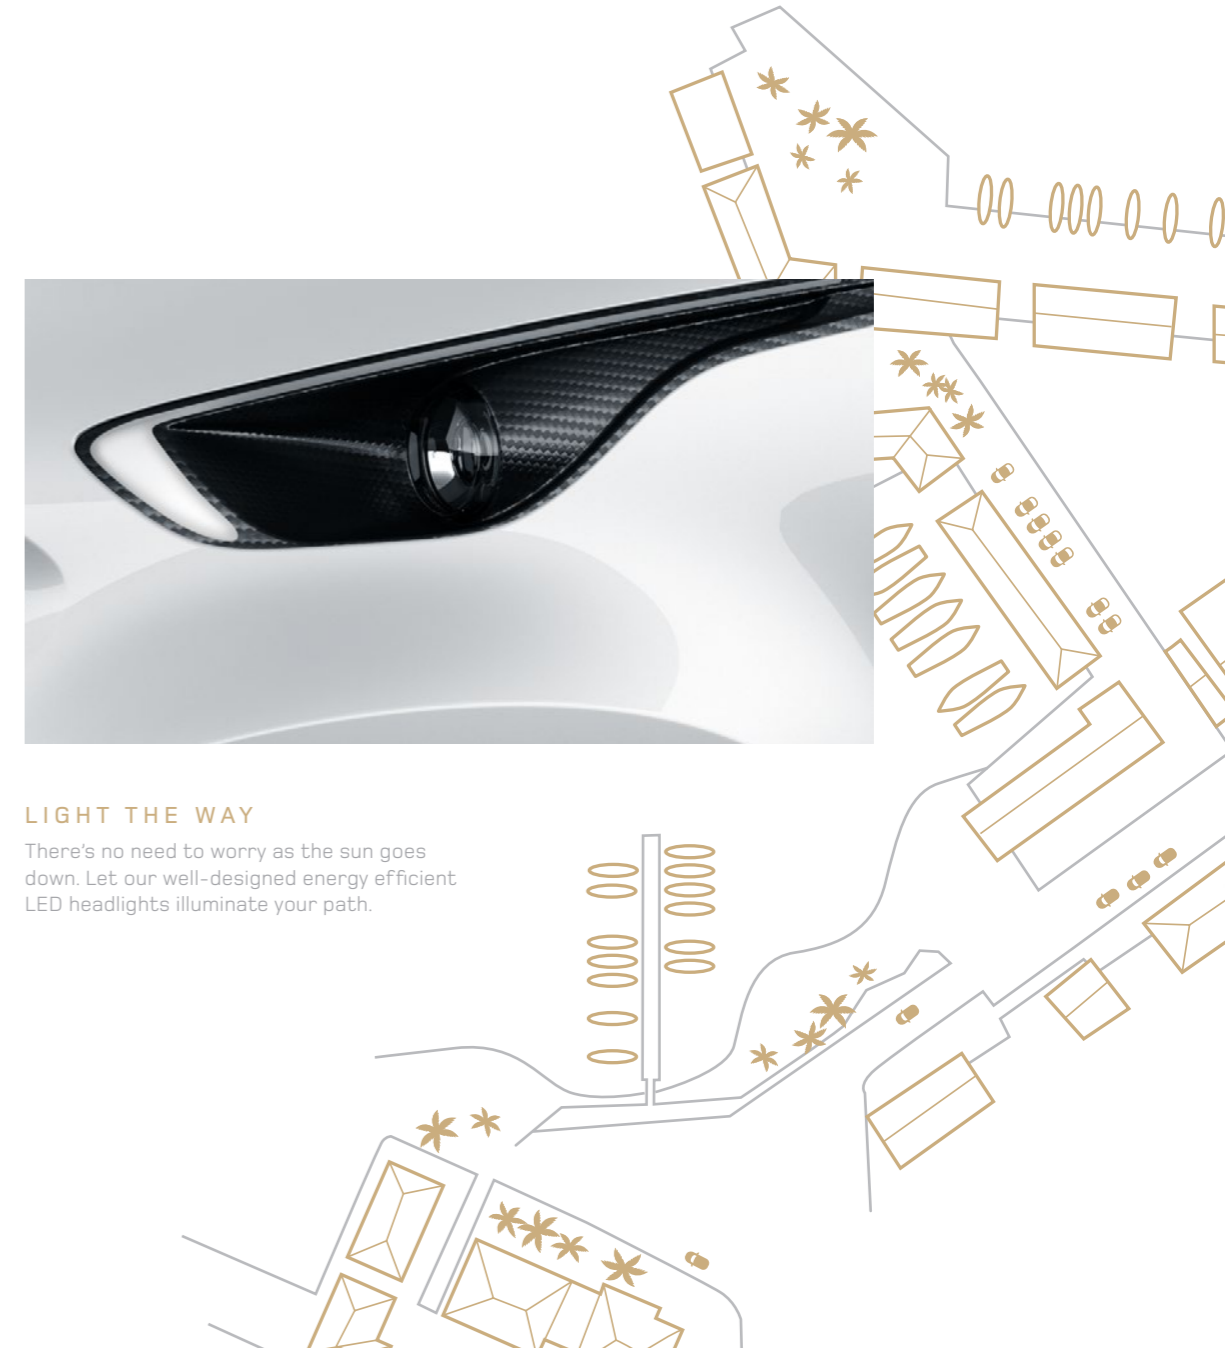

You revel in design. Chic and techy, you observe the spaces around you, curiously scanning for lines and patterns that merge and stray with surprising cohesion. Your personal style is reserved but sharp — always looking as much a piece of the gallery you're visiting as the artwork inside it. You're efficient and subtle and you love urban exhibit-hopping in your SuperSport. Jump in, a discovery is waiting.

THERE...

...THE SUN SEEKER

You follow the sun. From under it, your life is filled with breezy movement. You dash between sumptuous leisure spots and invigorating wellness hubs with graceful fluidity. Colourful meals beside the ocean, morning fitness activities on the beach and breathtaking excursions through sleepy villages fill your days. For you, life is one long ritual and the good life is everything. You'll never stop cruising.

LIGHT THE WAY

There's no need to worry as the sun goes down. Let our well-designed energy efficient LED headlights illuminate your path.

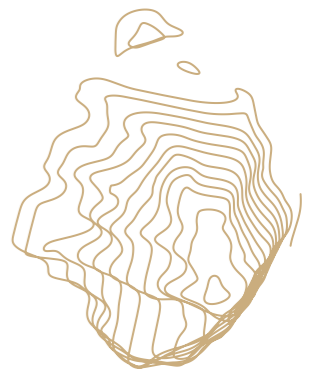

...THE ABUNDANT TRAVELLER

Your abundance is well-earned. You are grateful, and you love to give. A modern pioneer, the places you uncover in your books and travels make sharing the road with you a fascinating adventure filled with intriguing conversations. Whether it's the story of the unusual way your favourite wine was made or the tale of how you built your business, you always provide a rich experience. Everyone wants to ride with you.

...THE NATURE LOVER

You live to be outside. Driving just for fun is exactly your speed, and having no destination simply means adventure to your easy-going spirit. You choose your open SuperSport when you want to feel the wind and smell the clean air. There really is nothing quite like hitting the road to set your mind free and slow down life's pace. Twists and turns help you unwind.
